### **3. Please write a statement that indicates your view on issues facing ANA-Michigan? Indicate why you want to serve in this role and why you are best qualified to carry out the duties of this office? This statement will be shared publicly with the membership.**

My vision for leading ANA-MI and health care into the future involves maintaining a strong financial status for the association and continuing transparency of financial affairs to the membership. A successful organization requires a strong balance sheet and forward-thinking in terms of where we are going and how we want to get there. Revenue, expenses, collaborative agreements - all need to be addressed, continually, in order to provide the programming, education, and leadership that we, as members, value in our organization. My experience in business and hospital finance has provided a unique perspective allowing me to view nursing's contributions to healthcare through a wider lens. By being engaged at the State and National level I am able to bring an awareness of the complexity of the position to our members as well as role model nursing stewardship for my students.
