As stated in question 6, I am a director for the Michigan Association of Rehabilitation Nurses and have served on numerous other committees. I also help my husband with activities for the Macomb Township Lions club and manage their FaceBook page.

3. Please write a statement that indicates your view on issues facing ANA-Michigan? Indicate why you want to serve in this role and why you are best qualified to carry out the duties of this office? This statement will be shared publicly with the membership.

I am proud to be part of an organization that is supporting nurses across the country. ANA has had many initiatives focused on making nurses stronger and healthier so that we can better care for our patients. I would like to see ANA-Michigan provide educational opportunities for our members, create a local networking environment to help support each other and provide mentoring opportunities for new nurses. I would like to serve on the ANA-Michigan board to help promote nursing in our community and to help us be recognized as an active participant of the medical community. I have served on numerous nursing boards at both the state and national level. I hope to bring that experience to ANA-Michigan
